Meet Pride

We are Pride CBD and we take great joy and fulfillment in being your trusted source for your health and wellness!

Our mission at Pride CBD is to be a source of high quality products and a pillar of knowledge to ensure that everyone can lead their healthiest life possible. We take great pride in doing so, all while giving back to organizations who provide endless support for members of the LGBTQ community. We are happy to spread awareness of both the benefits of CBD, as well as the discrimination and lack of equality members of the LGBTQ community encounter daily.

Give Back

We are proud to say that 10% of proceeds from all sales will be donated to various organizations that do an incredible job supporting the LGBTQ community — here is the list of organizations we are partners with:

- o Human Rights Campaign (HRC)
- o Services and Advocacy for LGBT Elders (SAGE)
- o Parents and Families of Lesbians & Gays (PFLAG)
- o Lambda Legal
- o Gay, Lesbian, and Straight Educators Network (GLSEN)
- o Immigration Equality
- o Sylvia Rivera Law Project (SLRP)
- o National Gay & Lesbian Chamber of Commerce (NGLCC)
- o Trevor Project
- o The Transgender Law Center (TLC)

What is CBD?

Cannabidiol, known as CBD for short, is a cannabinoid or active chemical of the marijuana plant. CBD is derived directly from the Hemp plant and is one of hundreds of total cannabinoids that come from Marijuana. CBD is also different from THC () which is derived from the Cannabis plant and famously known for its psychoactive properties. Unlike THC, you will not get “high” from consuming CBD and as mentioned by The World Health Organization “In humans, CBD exhibits no effects indicative of any abuse or dependence potential.... To date, there is no evidence of public health related problems associated with the use of pure CBD.”

Our CBD products are pure, FDA compliant, and of the highest quality in the market. Our team works tirelessly to ensure that all of our products are as effective for your needs as possible. CBD is very well known for helping with ailments such as anxiety, insomnia, inflammation, neuropathic and chronic pain -- just to name a few. There is still a lot of research needed within the industry but we are constantly abreast on the latest news and information. We want all of our consumers, just like you, to be informed and as well educated as possible.

Herbal Drops/Tinctures:

Our herbal drops contain 50 servings of high potency Industrial Hemp Oil per 1 oz bottle. These drops are legal in all 50 states in the U.S., as well as in more than 40 countries worldwide. CBD has been known promotes relaxation & overall health.

For best results place serving size under the tongue and hold for 30-60 seconds prior to swallowing.
